

MURRAY BRIDGE FLYING SCHOOL

Flight Instructor Rating

The Flight Instructor

Attaining your Flight Instructor Rating with Murray Bridge Flying School will allow you to conduct theoretical and practical flight training, on the ground and in the air.

For those looking to gain their Commercial Pilot Licence (CPL) and begin working as a pilot, the Flight Instructor Rating is a valuable qualification that can present greater opportunities for initial and future employment in a challenging but rewarding part of the industry.

Private Pilot Licence holders who wish to conduct training can do so if they hold a Flight Instructor Rating (FIR), but are limited to conducting design feature endorsement training only.

The Flight Instructor Rating course offered by Murray Bridge Flying School is highly-regarded in the industry. Murray Bridge Flying School's Chief Flying Instructor, Gary Pullman, has over 5000 hours of instruction time, with many of those spent teaching others how to teach.

What is involved?
